Main Facts

- **Headquarters:** Navi Mumbai, Maharashtra, India
- **Revenues:** Rs. ~1950 cr. (\$ 300 Million)
- **Employees:** Own staff – 1800; approx. 7,500 (temporary staff & workmen)
- **Fabrication Shop:** The company has established a modular Pre-fabrication shop for pipe spools in Khopoli, Maharashtra – 50 KM from JNPT Port, with a land area of 7 Acres and a covered shed of 4680 Sq. Mtr having 3 lines for pre-fabrication, auto blasting & painting which can produce between 4000-5000 Inch dia per day of various sizes and various pipe materials like CS, AS, SS & Special Steel like Monel, Hastelloy, P91 etc.
- **Resources:** Maintain a vast equipment pool comprising large fleet of cranes, lifting & material handling equipments, machineries & civil construction plant & machineries to offer safe & mechanized construction service

Services

- Complete Mechanical Services
- New Construction and Expansion Projects, Infrastructure, Shutdowns.
- Piping, Civil & Structures
- Cross Country & City Gas Pipe Lines
- Gas Terminal Plants, Storage Tanks in Petroleum Terminals,
- Erection of Equipments
- Scaffolding, Surface Preparation & Painting, Insulation
- Electrical & Instrumentation

Industries

- Refineries & Process Plants
- Petrochemicals
- Oil & Gas Terminals
- Infrastructure
- Chemicals
- Fertilizers
- Metallurgical & Heavy Industries
- Defence
- Pharma
- Power Plants & Nuclear Waste Recycling

RESOURCES

➤ MANPOWER

- Highly Professional and experienced Managers, Engineers, Technical & Administrative Staff of over 1800.
- Workmen over 7500.
- Operating 40 Project Sites all over the country.

➤ SOFTWARES

- Primavera 6.0 & MS Project 2010 for Project Management.
- AutoCAD 2010.
- Integrated Management System.
- ISOMECE, SPOOLMAN & ERMAN for Piping.

➤ Engineering Capability

- Association with company for full fledged engineering services – from feasibility study to commissioning.

➤ MACHINERY & EQUIPMENT

Large Fleet of Cranes –350 Nos. - including 300 MT , 250 MT,150 MT, & 30 Nos. of Cranes ranging from 40 MT to 75 MT Capacity Welding Equipment over 9000 Nos including FCAW,SAW,GMAW,STT,LSC M/c 65 Nos.

- Plate Bending M/c – 18 Nos. Cap. upto 70MM Thick Power Generators – 245 Nos. Air Compressors – 130 Nos.
- Earth Moving Equipments, Batching Plants, etc & all other required machinery, equipment, tools & tackles for the construction industry to execute large construction projects.

HSE POLICY & OBJECTIVES

- Delivering Endlessly

OFFSHORE INFRASTRUCTURES LIMITED

Environment, Health & Safety (EHS) Policy

Offshore Infrastructures Ltd. senior management recognizes that delivering exceptional business performance with achieving strong occupational health, safety and environmental performance. The effective management of environment, health and safety (EHS) is seen as integral to the success of our business.

The vision of OIL is to provide safe and healthy workplaces, promote a culture of 'Goal Zero injuries' and preserve the natural environment through effective EHS management system across all business activities.

OIL is fully committed to :

- ☑ The prevention of injury, ill health, adverse environmental impacts and the preservation of the natural environment.
- ☑ Providing structured EHS management systems for the business using the principles of ISO 14001:2015 and ISO 45001:2018 Management Systems.
- ☑ Delivering safe, healthy and sustainable services to the benefit of OIL staff, client workforces and our contractor base.
- ☑ Requiring OIL staff at all levels to take responsibility for EHS management as part of their day-to-day duties within OIL's premises, on client sites and in other OIL-managed premises.
- ☑ Identifying, controlling and reducing EHS risks relating to the management of our operations and the services we deliver.
- ☑ Complying with all regulatory, business and client EHS requirements relative to our operations and the services we deliver.
- ☑ Providing EHS training, instructions, information and effective communication to all OIL staff relevant to their role and responsibilities.
- ☑ Regularly reviewing the OIL (EHS) environment, health & safety management system to ensure continual improvement in health, safety and environmental management and performance.

SHUTDOWN / PLANT REVAMP EXPERIENCE IN OIL & GAS

- ❑ OIL is capable to undertake any kind of O&M and Turnaround Services to Refineries, Petrochemicals and Fertilizer plants.
- ❑ OIL has experience in execution of shutdown & Revamp jobs which OIL has built over a period of time with strong team of experienced technical personnel from the senior level to down the line supervisors.
- ❑ OIL maintains a wonderful reputation for Quality, Safety and Timely Completion of works, which is a key factor attributable to the success in Industry.

OUR EXPERIENCE IN E&I WORKS..

OIL has capability to take E&I contracts as a composite as well independent job as per the Client requirements. OIL had been into this business since last 12 years and executed works with various clients and consultants in India and Overseas. Though the strength was in the field of supply, installation, testing and commissioning, OIL now has potential to even do the design and engineering on its own to meet the fullest satisfaction of client.

Milestones

- Have ability to execute the Turnkey Projects (E&I) within budgeted cost and time schedule
 - Cater engineering, calibration, installation, testing & commissioning, technical manpower deputation services.
 - Operations & Maintenance of electrical automation & utilities
 - Executed Substation & Plant Electrifications works in Refineries, Oil/Gas Terminals, Water Pumping station, LPG Bottling plant, NTPC town ship, Railway Tank Wagon, etc.
- Executed Automation & Instrumentation works in Refineries, Oil/Gas Terminals, Water Pumping station, LPG Bottling plants
